Sir:

On March 26, 2004, Applicant filed an Information Disclosure Statement in the above-captioned matter. In the Information Disclosure Statement, Japanese Laid-Open Patent Publication No. 2003-013655, was brought to the Examiner's attention, a copy thereof was provided to the Examiner, and a Form PTO-1449 was also provided.

Also provided was an English language abstract of Japanese Laid-Open Patent Publication No. 2003-013655, also cited on the Form PTO-1449. Although the patent document was initialed, the English abstract translation was crossed off of the Form PTO-1449. To complete the record, Applicant assumes that the English language abstract of the Japanese patent was considered by the Examiner during consideration of the underlying document.

Applicant notes that no further response by the U.S. PTO is deemed necessary, nor is one expected.

Should the Examiner have any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
Joung - hwan CHO
